Morning and afternoon snacks  
- selection of fresh fruit.

## Putting Nutrition First

All of our meals are freshly prepared in our on-site kitchen. Our fully qualified, Nursery chef has many years of experience and makes us lots of delicious, nutritious and freshly prepared lunches and dinners.

We have worked very closely with a nutritionist to ensure that the children have a well-balanced diet, and we can cater for any special dietary requirements that may be needed.

## Learning Through Play

At Kids Play Childcare, we believe that the best way for children to learn is through play and exploration.

In the daily schedule of activities we include a balance of adult led and child initiated activities, so your child will be able to choose what they play with, the pace at which they do so and whether they play independently or with others.

Childcare Vouchers Accepted

[www.kidsplaychildcare.co.uk](http://www.kidsplaychildcare.co.uk)

We realise that choosing the right nursery for your child is one of the most important and difficult decisions you will ever have to make.

Caring for 6 week old babies to 5 year olds, we actively work in partnership with parents and guardians to ensure healthy, happy children who are ready for mainstream school.

**"Children are happy and settled and supported well through a range of child-initiated and adult-led activities."**

**"Staff provide a varied and interesting educational programme that is balanced across all areas of learning."**

**Putting Your Child First**

**Baby and Pre-Toddler Rooms  
From 6 weeks to 24 months  
Ratio 1:3**

We have nurtured a caring and stimulating environment within all of our Baby and Pre-Toddler Rooms. Using movement, sound, colour and touch, babies and toddlers are encouraged to explore, develop and above all, enjoy their 'second home'.

We strive to mirror the childcare that you give your child at home including the feeding habits, nappy changes and sleep routines you use; all made possible through regular contact with your child's experienced Key Person.

Children also enjoy outdoor play, freshly prepared healthy food and milk bottle feeds made by a senior member of staff.

**Toddler Rooms  
From 24 to 36 months  
Ratio 1:4**

More structured than the Baby Rooms, each varied activity in the Toddler Rooms is considered a learning opportunity and above all, fun and stimulating.

Toddlers are encouraged to enjoy early maths, develop their language skills, undertake creative play and learn to relax at story-time.

Plus, your child's Key Person will also work closely with you to mirror the potty training routine you use at home.

**[www.kidsplaychildcare.co.uk](http://www.kidsplaychildcare.co.uk)**

**Pre-School  
From 3 to 5 years  
Ratio 1:8**

Our aim within every one of our Pre-Schools is to ensure that your child is ready for mainstream school.

Our staff, many with Early Years Professional Status and qualified up to degree level, follow the key areas of the Early Years Foundation Stage. You can expect your child's week to be full of learning experiences, split between the Pre-School, the garden or in the local community.

The type of teaching is enormously varied. We combine both adult led and child initiated activities to encourage independent learning and motivate children to link together the areas of development.

Whilst we hate to say goodbye to children leaving to start school, we ensure that it is undertaken in style with a fun and exciting graduation ceremony.

It is a lovely occasion for all of the family to enjoy and includes a graduation service (complete with little gowns and hats), a children's concert service and BBQ.

**Free Pre-School Sessions Available**
