

Dear Parents,

Coronavirus

At present we do not have any reported cases in our settings but we have been made aware of some children and/or their families returning from travelling abroad which are self-isolating as a precaution. If indeed you have done so or you do have plans to travel outside the UK, please make sure that the setting is aware so that the right advice can be given before returning.

The recommendations from the Health Protection Agency change on a regular basis. It is now recommended that anyone with a new, continuous cough or high temperature should self-isolate for seven days. If your child develops a temperature at the setting we regret to inform you that we will have no option but to contact you and ask for you to collect your child straight away.

Please see the link below should you have any concerns:

<https://111.nhs.uk/covid-19>

We will continue to keep cleaning the setting and sterilising toys and equipment. All children on entry to their rooms will be asked to wash their hands and reminded of handwashing throughout the day.

We will continue to communicate any updates that we receive. If you have any further questions or concerns please speak to your Setting Manager.

Thank you for your continued support.

Sharon Elliott
Childcare Director
